Beacon Hill Medical Office Fund

Fund Overview & Strategy — First Quarter 2026

Beacon Hill Healthcare Partners • Closed-End Core-Plus Medical Office Fund • Newly Formed

Fund Strategy

Beacon Hill Medical Office Fund acquires on- and near-campus medical office buildings affiliated with investment-grade health systems. The strategy emphasises long-duration leases, high tenant retention, and modest leverage, targeting a return profile weighted toward current income rather than appreciation.

Investment Pipeline

The near-term pipeline under evaluation includes a three-building campus portfolio in the Southeast and a single-tenant ambulatory surgery development in the Mountain region. No capital had been drawn as of quarter-end.

Terms

The Fund holds a first close in the first quarter of 2026. No performance is reported for the period as the Fund is newly formed and unfunded.
